GUS SALVE SHOWS PITCHING ABILITY

Might Do Better Still if Allowed to Work in the Box Oftener.

CARROLL SEEMS GOOD MAN

Otey, in Magnificent Form, Allows But One Hit—Kirkpatrick's Work With Stick.

VIRGINIA LEAGUE.

Schedule for To-Day.
Lynchburg at Norfolk.
Richmond at Danville.
Roanoke at Portsmouth.

Clubs.	Won.	Lost.	P.C.
Norfolk	41	33	.557
Roanoke	47	46	.505
Richmond	48	46	.509
Lynchburg	47	47	.500
Danville	46	48	.489
Portsmouth	39	50	.438

Gus Salve demonstrated his ability as a pitcher in the game he pitched against Portsmouth Saturday afternoon, when he allowed but six hits and struck out eight men, besides knocking out a two-bagger in the second, scoring two runs, and fielding his position faultlessly. The southpaw made a great display of his powers, and was allowed to work in more games, might improve still more.

Vali, on the other hand, was something of a disappointment. He was wild and his wildness cost him the game. He has the qualities of a good pitcher in him, but he hits too many men and allows too many bases, all of which count in the scoring of the other side. That he has speed and curves is shown by the fact that he struck out nine men, which is not at all bad. Carroll, the new first-baseman, seems to be a man of the right material. He played well in both games Saturday and his long arms and quick catching of hard ones and wild ones saved many extra bases for the victors. He is likely to be a future, particularly as Bown is probably out of the game for the rest of the season.

Bown is suffering from a bad attack of rheumatism, and he is not improving as rapidly as could be hoped. It has been stated that he will play no more here, and that he expects to go out to Chicago as soon as he is well enough to travel.

Guttag has recovered, and in Saturday's games he showed up in his old line form. The Tercentennials apparently clinched their hold on the pennant by winning both games Saturday afternoon at Roanoke. Otey was in magnificent form, retiring the visitors with but one lonely hit and without a score. All save two of the Norfolk men got out of the game before they had a chance to do anything. Otey pitched for four times up, one of Otey's being for two bases, Jackson, Lynchburg, and Otey, each pitched for four times up. Freddie was the only man who connected with Otey's delivery.

Tramm likewise pitched a rattling good game, allowing but three hits. Kirkpatrick was in hitting form Saturday. He got one hit for three times up in the first game, and one in the second game. In the third game, he got one hit for three times up. He was the only man who connected with the ball in the third game. He was the only man who connected with the ball in the third game.

Richmond plays with Danville—the first three days of the week, and will return to play at home with Norfolk.

CONNIE MACK IS A STAR MANAGER

Leader of Athletics Shows Remarkable Ability in Handling Players.

PHILADELPHIA, August 18.—When it comes to getting the biggest amount of baseball out of an ordinary lot of players, most managers take their caps off to Connie Mack, of the Philadelphia Athletics, who now lead the American League.

His development of young players has been almost phenomenal. When he went to Philadelphia he took an aggregation of average players, weeded them together, imbued them with a winning spirit, and in a few days had them in the pennant. Not the least of his honors is that of being the only man in the world who has ever succeeded in doing anything with the famous Babe Waddell.

Mack is an old ball-player himself. In the twilight of his receiving end of the famous Gilmore-Mack battery. They created such a furore with the Hartford club that they were bought by Washington.

Gilmore soon blew up, but Mack became one of the best catchers in the country. Later he went to the Buffalo Brotherhood club, and afterward was manager of the Pittsburgh club.

Hockey Teams to Form League.

NEW YORK, August 18.—Plans are being made for a new professional hockey league next winter, an effort being made to include the cities of New York, Boston, Pittsburgh and Toronto.

These cities will form the Eastern circuit while those of the West will include Chicago, Detroit, Winnipeg, Duluth, St. Paul, Houghton and Calumet, Mich.; Sault Ste. Marie and Brandon, Ont.

Miss Sutton Arrives.

MONTREAL, August 18.—May Sutton, British and United States champion tennis player, arrived here today on the steamship Dominion, from Liverpool. She will take part in the championship games at Niagara-on-the-Lake.

RAILROAD MEN WIN IN A SNAPPY GAME

Defeat Taylorsville Team in Eighth Inning by Score of 6 to 4.

JONES MAKES GOOD RECORD

Pitches Steady All Through, Allowing But Five Scattered Hits—Gibson's Good Work.

TAYLORSVILLE, VA., August 18.—The R. F. & P. baseball team defeated the Taylorsville team here yesterday, in a very fast and snappy game, by the score of 6 to 4. The game was interesting from start to finish, and was witnessed by a crowd of enthusiastic spectators from all parts of the neighborhood. The game was anybody's until the last Taylorsville man fanned at three wild ones from Jones's delivery in the ninth inning, thus retiring the side. Beasley pitched a good game with the exception of the eighth inning, when a base on balls and two stolen bases, together with some timely hitting, netted his opponents three runs, clinching the game, as his team was unable to gain the lead.

W. Jones, for the railroad men, pitched a steady game all through, allowing but five scattered singles. Another feature worthy of mention was the catching of E. Gibson and his style of throwing runners out at second, all winning but one stolen base out of nine who attempted. He also secured three hits out of four times up.

Next Saturday the R. F. & P. team will cross bats with the Laurel team, at Laurel, Va. A well-contested game is expected.

The tabulated score follows:

CROKER'S GREAT WINNER OF THE DERBY IS BREAKING DOWN

THE FAMOUS ORBY.

NEW YORK, August 18.—News of the breakdown of Richard Croker's Derby winner, Orby, has been received with much regret by the entire horse-racing world. It is hoped that the great colt will come back to form before the end of the season. In fact, Dr. McCabe, his trainer, is confident he will, but the best opinion is that it will be a good while before Orby races again. Mr. Croker will not permit him to be sent to the post until he is thoroughly fit. The British turf is beginning to wake up to the fact that the former Tammany boss has some other pretty good horses, which are likely to win big races.

BRAVE RACE RIOT FOR HORSE RACE

Trouble With Negroes Has No Deterrent Effect on Attendance at Tasley.

THREE DAYS OF FINE SPORT

Last Day Best of All—Stake Race Feature, Local Bred Horse Winning.

ONANCOCK, VA., August 18.—The Tasley Fair Association closed Friday the most successful season in its history. The weather throughout was ideal. Monday it was feared that on account of the race riot, the fair would be a failure. The crowd was never larger, proving that it takes more than a race riot to keep the Eastern Shore people from a horse race. The stake race was the feature of the day. Joe Coard, a local bred horse, proved his superiority over the fast Royal Prize, which some weeks ago gained a record of 2:15 3-4. Philadelphia's Cannon made his drive in the first two heats and gave up the chase, never being able to get to Joe Coard, although the middle quarter of second heat was trotted in 32 1-2 seconds.

CHANCE FOR BRITISH HORSES IN MEXICO.
NEW YORK, August 18.—Much interest has been aroused here by the announcement that the Mexican government proposes to set aside \$200,000 for the inauguration of a Mexican Derby, and to take other means of encouraging the breeding of horses in Mexico.

It not only means an additional market for British thoroughbreds, but it is altogether probable that some of the British owners will send horses to take part in the Mexican races. In the event the chances to pick up some long money.

PHILADELPHIA, August 18.—Ormond is next. The Florida circuit will now engage attention outside the show.

The American Automobile Association has promised its support, and the promoters feel that they have something to build upon in this promise. The American Automobile Association has promised its support, and the promoters feel that they have something to build upon in this promise.

PHILADELPHIA, August 18.—John W. Haynes, the race driver and assistant sales manager of the Dragon Automobile Company, has come forward in defense of women drivers as a class. Recently an English journal declared that women lack nerve, and intimated that they were failures as drivers of automobiles.

Mr. Haynes says this is not so, and instances the work of Mrs. Cuneo, the last year's champion. After paying a glowing tribute to this woman, Mr. Haynes continues:

"I have observed that women who learn to drive cars are, as a rule, exceptionally capable after they have mastered the mechanical details of the work. It is true that they are not as daring as men in all emergencies but this, to my mind, is rather a recommendation than a drawback.

"Most men take too many chances with cars. The desire to perpetrate the unusual seems to overcome them. Judgment may be good with them 99 times, but the one thousandth chance taken is apt to be their downfall.

"A woman does not take chances, and she brings her car and its human freight home without damage.

"Some one recalls, in this fact the other day, when a number of experienced drivers were discussing the subject, and a veteran of the industry, who was there, remarked that not only was this true, but it had been his experience that the cars which he had sold for women to drive had been the subject of less repairing than those which were driven by men, particularly by professional chauffeurs.

"One reason of this, he thought, was that women did not try experiments with cars. When the cars were running well they usually let them alone. This, he thought, was an exceedingly desirable trait.

"We are now selling fully as many of our Dragon runabouts to women as to men. The reports of their running and of the condition in which the cars are found after several months of operation are uniformly good."

SMALL CRAFT AT OYSTERBAY

Such Swarms About Mayflower That Officers Had to Look After Them.

OYSTER BAY, August 18.—There has been a great influx of small craft about the Mayflower, which is now in the Hopkins and Worden, of the torpedo squadron, which are at anchor in the bay ready to convoy the Mayflower, when, with the President aboard, it sails for Provincetown, Mass., to-morrow. There was such a crush of small craft about the two black hulled boats to-day that officers and several men had to keep constant watch that the launches and sailing craft did not bump the steel-skinned boats and spoil their appearance.

The Mayflower lies well out near Plum Point, as it was apparently thought best not to bring her into the more shallow water. The officers of the little squadron, which includes the Sylph, were entertained this evening at dinner by the house committee of the Seawanhauk Yacht Club at the clubhouse on Center Island.

The President will start on the Mayflower at 10 o'clock to-morrow morning. Mrs. Roosevelt will entertain the St. Hilda Society of Christ Church on the Mayflower some day this week, after the President's return.

PLANT OF CUMBERLAND STEEL COMPANY DESTROYED.
CUMBERLAND, MD., August 18.—The plant of the Cumberland Steel Company was to-day totally destroyed by fire of unknown origin. The loss is estimated at \$350,000, with insurance of \$100,000.

Ninety men are thrown out of employment. The plant produced accurate steel castings, and is said to have been the only one of the sort in the world. The company has offices in London and Paris, and in all the leading cities of the United States.

Assault in Pennsylvania.
GREENVILLE, PA., August 18.—Miss Anna Whitehead, twenty-four years old, daughter of a prominent Methodist Episcopal minister of Turnersville, Pa., is in a critical condition from a brutal assault perpetrated late last night by a tramp. Possessed with bloodhounds from two counties are scouring the country in the vicinity of Jamestown, Pa., and Simmons, Ohio, for the man. Great indignation prevails.

Admiral Smith Dies.
PHILADELPHIA, PA., August 18.—Rear-Admiral Joseph Adams Smith, of the United States Navy, retired, died here to-day, aged seventy years. Admiral Smith was graduated from Harvard Law School. He was employed as assistant quartermaster in the navy from 1851 to 1851, and served on the old Kearsarge as commander of the powder division in the memorable fight with the Albatross. He was retired in 1859.

Letter in Mail Six Years.
WILLIAM B. McDaniel, of No. 552 Ocean Avenue, Patchogue, L. I., yesterday received a letter which was mailed to him on February 1, 1901. Since that date Mr. McDaniel has lived in several places in this city, and part of the time he has received his mail at the general delivery department at the post-office.

It appears that the letter followed him about to his various addresses, but always arrived too late to reach him. Two years ago Mr. McDaniel returned to Patchogue, but the letter did not arrive there until yesterday. Why it was so long on the way is a mystery.
